SB-6700 SurfacePRO Ultra

Water Based, Two-Part Urethane Sealer

- ✓ Deeply Enhances The Surface
- ✓ Provides Extreme Surface Protection
- ✓ Creates Rock Solid Sand Joints
- ✓ Offers Ultimate Long Term Durability
- ✓ Contains Antifungal Film Protection

For over 30 years, **Surebond** has provided innovative, premium quality sealers for surface protection, enhancement and joint stabilization. **Surebond** is trusted by contractors and project owners who won't settle for second best for their commercial and residential projects.

SurfacePRO Ultra, the newest addition to the **Surebond** line, fully restores concrete and paver surfaces using the latest technology available for two-part water reducible urethane sealers.

SurfacePRO Ultra provides deep surface enhancement that increases the aesthetic appeal and ultimate surface protection, which makes maintenance easier and extends the surface life. When using **SurfacePRO Ultra** for joint stabilization, it will help to reduce sand washout which inhibits weed growth and protects against insect infestation. To top it off, **SurfacePRO's** added antifungal prevents mold, moss and algae on the sealer film. Re-application is suggested every 3 - 5 years.

Trust your surface to Surebond!
