## STAMPED PAVER PROGRAM

Make your project one of a kind with Pine Hall Brick's new stamped pavers. We will work with you to design a custom stamp just for your project. A town name, college logo, or amusement park character are just a few of the possibilities we offer. Our state of the art equipment is designed to stamp 1/9th or 1/18th of the pavers, and we can also offer custom ratios. This program is offered on all our North Carolina manufactured pavers.
