

MANAGE YOUR FLEET, YOUR WAY

Leasing Associates offers a system that helps clients manage their medium to large fleet of passenger cars and light trucks. We professionally maintain your fleet by collecting information on your vehicles. This allows us to make informed decisions on the best ways to handle them. We also make sure you approve of any large repairs, so nothing is completed without your consent.

EVERYTHING YOUR FLEET NEEDS

- Clear Reporting and Tracking Capabilities
- Preventive Maintenance Monitoring
- Centralized Database for Vehicle Repair and Maintenance History
- User-Friendly, Customizable, Cloud-Based Interface
- Warranties Tracked for Parts and Vehicles
- Vehicle Lifecycle and Fuel Use Management
