BROOKLYN™ CHARLESTONE™

PATIO INSTALLED *with* MINIMAL CUTS

Our modular paver lines simplified the design and installation of this outdoor living space. Separate color blends of Dimensions™ Slabs, Dimensions™ 12, and Origins™ Accent were used in combination to create an inlaid rug design around the fire pit to mimic the look of an interior living room in the outdoor environment. What makes this outdoor room even more special is that very few pavers were cut to create the design, leaving minimal waste, and saving installation time.
